## Brushware Colour Coding

Hazard Analysis Critical Control Points (HACCP), the worldwide preventative system for assuring safe production and preparation of food, covers all aspects of food safety from refrigeration to cross-contamination prevention.

## Bristle Characteristics Key

Bristles are manufactured from Polyester (PBT).

**Soft Bristle - Medium Bristle - Hard Bristle**

## Cloth Colour Coding

Industrial cleaning has never been so easy, thanks to colour coded cloths ranging from floors to countertops.

CLEANING INDUSTRY	FOOD INDUSTRY
<b>RED</b> toilets, urinals	<b>RED</b> meat area
<b>BLUE</b> windows, mirrors	<b>BLUE</b> fish area
<b>GREEN</b> multi-purpose	<b>GREEN</b> vegetable area
<b>YELLOW</b> damp or dry dusting	<b>YELLOW</b> poultry area
<b>WHITE</b> walls	<b>WHITE</b> dairy area

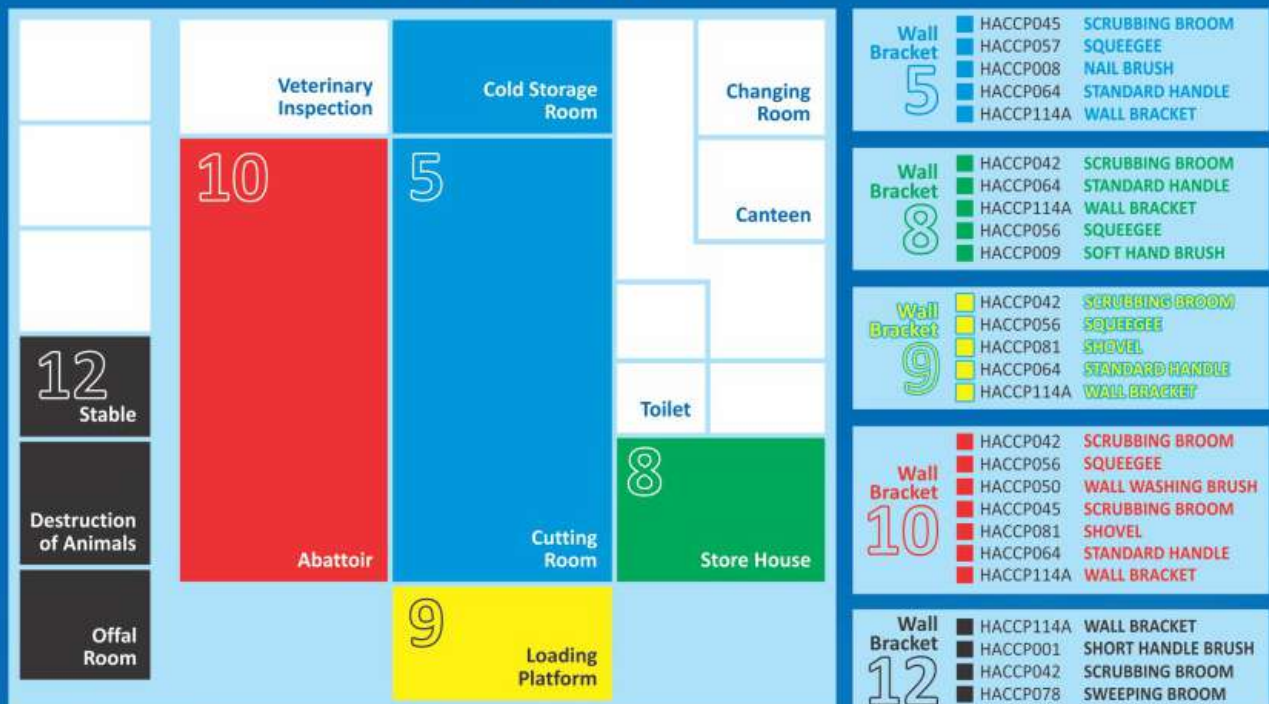

## Cutting Board Colour Coding

Very hygienic solution for eliminating cross-contamination of foods.

## Example of Colour Coding - Abattoir

Use HACCP Colour Coding to Avoid Cross-Contamination.

## Caprichem and its representatives are able to offer the following services:

- Assessment of factory to establish the chemical and brushware needs of the factory as a whole.
- A diagram layout of the factory depicting the colour zoning.
- Allocation by numbering system of wall brackets throughout factory.
- Training of staff: Basic hygiene, How to clean effectively, How to dilute and use chemicals, How to care for cleaning equipment, Documentation and Training certificates.

## Hand Towel Dispensers

Whether you are looking for high hygiene or low maintenance, our range of stylish washroom systems and dispensers are designed to meet your needs and help reduce cross-contamination, increase productivity and reduce waste.

- WD-001HS **EXCEL AUTOTOWEL MANUAL DISPENSER**
- WD-002HS **EXCEL AUTOTOWEL SENSOR DISPENSER**

The Autotowel is a stylish paper towel dispensing system to complement the rest of the Excel range. It is made from Grade 304 1.2mm brushed stainless steel.

- WD-006HS **AUTOTOWEL LAMINATE PAPER**

- WD-003HS **EXCEL WASTECARE BIN STAINLESS STEEL**

This newly developed wastecare bin once again brings an industry first innovation to the market to take care of unsightly paper waste bins, where liners protrude over the side. This wastecare bin is in the same generic style as design as the EXCEL range.

- WD-008HS **WASTECARE LINERS ON A ROLL**

- WD-004HS **AUTOTOWEL MANUAL PAPER DISPENSER**
- WD-005HS **AUTOTOWEL SENSOR PAPER DISPENSER**

The Autotowel offers both manual and sensor driven options in the same look. The manual option has 2 paper length mechanisms, cutting sheets at 235mm and 280mm. The sensor unit offers a number of adjustable features including paper length, delay time, sensor proximity and retrofit mains power transformer.

- WD-006HS **AUTOTOWEL LAMINATE PAPER**

- WD-006HS **AUTOTOWEL LAMINATE PAPER 6 ROLLS**  
Size: 195mm x 125m / 6 rolls / 1ply  
Autotowel Laminated Paper is a luxurious highly absorbent paper towel for commercial and industrial washrooms.

- WD-007HS **WASTECARE BIN**

The newly developed Wastecare Bin brings an industry first innovation to the washroom to take care of unsightly paper waste. Its stylish flowing lines will match most paper dispensers.

- WD-008HS **WASTECARE LINERS ON A ROLL**

- WD-008HS **WASTECARE LINERS ON A ROLL X 25 BAGS**

Multi-liners are designed for use in Wastecare and Femcare Bins but also suit a range of commonly used bins such as kitchen cans, pedal bins and office waste baskets. Suitable for both commercial and domestic environments. Rest-assured, Multi-liners are made with the biodegradable additive TDPA® (Total Degradable Plastic Additive).

**NAPPYMINDER WASTE BIN**

The Nappyminder bin is the ideal away from home waste disposal system. Disposing of nappy waste in traditional waste bins is extremely unhygienic and could pose multiple diseases and foul odours. The Nappyminder bin is specially designed with a foot pedal access to a non-return chute to prevent odours and harmful bacteria from leaving the unit. With its 50 litre capacity the bin will only need to be serviced once a day on high traffic areas such as shopping centres and old age homes.

Installing a Babyminder changing station provides parents with a safe, convenient and hygienic changing facility in away from home locations and is now considered to be of equal importance as the provision of other essential facilities. The Babyminder is available in both vertical and horizontal options to fit in with the space requirements offered in a public restroom. The ergonomically designed station with a safety belt ensures that the user's child will be comfortable and safe during their changing experience. The unit also comes with moulded bag hangers to assist the user during changing and a surface sanitizer dispenser can be used to sanitize the unit before each use.

## Air Purifying Dispensers

The Kitz® Purifier is a revolutionary product that draws in and treats contaminated air with the Kitz® Botanical Solution. It draws air in using a high-speed motor running at +/- 3000 rotations per minute. It's so fast it creates a cyclonic or tornado-like air movement. This powerful motor draws in and jets out the water and botanical extract solution at a high speed. As a result, an air-scrubbing effect is produced.

BO-PUR001  
**KITZ AIR PURIFIER  
STANDARD UNIT**

The Standard Kitz model has no lights, nor base. Can sit on any flat surface. Has a sensor switch, just lift the coverted off the bowl for the unit to switch off.

BO-PUR002  
**KITZ AIR PURIFIER  
RAINBOW UNIT**

The Rainbow Kitz model has lights in the base which can be off, remain on one colour, or interchange while the unit is running. It can also be used as a nightlight with seven different colours.

### HOW IT WORKS

3. Treated germ free, clean, deodorize air released back into the room

2. Scrubbing effect - eliminates bacteria, fungi, odours and other airborne contaminants

## Sanitiser Dispensers

■ WD-510HS  
**EXCEL QUADRASAN AUTO SANITISER  
DISPENSER S/STEEL**

The Quadrasan dispenser provides the most effective automatic hygiene system that ensures clean sanitized and odour free toilets and urinals 24hrs a day. 99% of bacteria and germs are killed in the first flush. Hard water deposits are actively attacked while scale and unsightly stains are prevented, eliminating the breeding ground of odour causing bacteria. Grade 304 1.2mm Brushed stainless steel finish. This product carries a 5 year guarantee.

**SAFESEAT  
DISPENSER**

Even seemingly clean surfaces can harbour vast numbers of harmful bacteria. Easy to use SafeSeat provides the individual with the opportunity to clean and sanitise surfaces such as toilet seats effectively before use. SafeSeat sanitising chemical is ultra quick drying and effective against all harmful bacteria commonly found on and around toilet fixtures. This product carries a 5 year guarantee.

■ WD-522HS  
**SAFESEAT REFILL -

■ WD-500HS  
**EXCEL AUTOFLUSH**

Research as to why bad odours occur in men's washrooms has proven that most men don't flush! The Excel Autoflush solves this problem and reduces the risk of cross-contamination. As the user approaches the urinal the sensor picks up his presence, the unit gives it a two second preflush to wet the urinal. Once the user walks away the unit flushes for either five or seven seconds. This prevents the build up of uric acid in the trap, and eliminates the opportunity for bacterial growth and bad odour to occur. Chromed stainless steel finish. This product carries a 2 year guarantee.

Your safety is  
our concern

### Benefits Of Purchasing Our Floorcare Equipment

- Manufactured with features engineered to save you time and money
- Perfect for small or large accounts, for transporting, organizing and storing your cleaning supplies
- Assists with the prevention of cross-contamination
- Easy to assemble with minimum tools and effort required
- Enforces higher cleaning standards
- Non-marking wheels and casters protect the floors and surrounding areas
- Provide employees with the right tools for the job to increase worker satisfaction

Having unlimited access to floor cleaning equipment means you're likely cleaning more often, thus equalling cleaner facilities. This can save you your reputation and time spent restoring floors in the long run.

**■ CDS-NIM001 NIAGRA 381 DISH MACHINE SINGLE TANK**

Single-skinned, hood type dishwasher with 50x50 rack (optional 54x54), single-skin hood, deep drawn, rounded tank, plastic tank filter, hinged wire rack support, peristaltic rinse aid dispenser adjustable through control panel. Specific version available for insulated hood. Maximum versatility (can also wash Euronorm and Gastronorm trays). The controls positioned at the top are visible from all angles. Can be installed in line or as corner unit without the need for additional components.

**■ CDS-NIM005 PLUVIA 280 DISH MACHINE SINGLE TANK**

The product Ergonomic and versatile hood-type dishwasher (hood opening 410mm) can wash pizza plates and gastronorm 1/1 trays; the theoretical output can reach 900 plates/hr\*\*. Two selectable cycles, in-line or corner installations are possible without modifications. The reduced hood lift strength and the easy to clean construction make the operators' fatigue lower and their efficiency higher. Twice less noisy than the old generation unit. Its reduced water and energy consumptions makes you save.
