

**BAIT STATION MULTI TRAP**  
COO-ROD810231

- ▶ Dual purpose for insect catchment and live mouse trapping.
- ▶ See through lid allows for quick inspection.
- ▶ Unique design facilitates multiple live trapping of mice where rodenticides are not desired.
- ▶ Does not hurt or kill mice.
- ▶ Openings on the perimeter allows for easy insect entry e.g. cockroaches, ants, beetles etc.
- ▶ Glueboards are required for catching insects and are supplied separately

**Specifications:** 55mm X 270mm X 170mm

Unique design for multiple live mice trapping: As a mouse walks into the trap, ramp (A) is pressed down and flap (B) lifts closing the entire entry point (C). After the mouse has stepped off ramp and into the unit (D), the ramp reverts to original position allowing for multiple live trapping.

**BAIT STATION ALPHA**  
COO-ROD810235

- ▶ For Rats and Mice
- ▶ Tamper resistant lockable
- ▶ Ideal for point of entry onto property, perimeter treatment
- ▶ Economical due to scale of quantity required for outer perimeter treatment
- ▶ Contains a rod for wax blocks. Built in tray for various bait formulations (liquid bait, grain bait or pellets)

**Specifications:** 95mm X 105mm X 240mm

**What's Unique:** Suitable for placement between narrow spaces such as building material, pipes, pallets, narrow runs etc.

**BAIT STATION BETA 2**  
COO-ROD810232

- ▶ For Rats and Mice
- ▶ Tamper resistant lockable and wall mounted (with supplied bracket)
- ▶ Ideal for use where space is limited (passages, narrow spaces, etc)
- ▶ Contains a rod for wax blocks. Removable tray for various bait formulations (liquid bait, grain bait or pellets)

**Specifications:** 95mm X 190mm X 230mm

**What's Unique:** Lid and tray can be removed for quick access and cleaning.

**BAIT STATION MOUSE PETI**  
COO-ROD810236

- ▶ Specifically designed for Mice only
  - ▶ Tamper resistant and lockable
  - ▶ Suitable in offices and homes
  - ▶ Rodenticides are inaccessible to children and pets when used inside the unit
- Built in tray for various bait formulations (liquid bait, grain bait or pellets)

**Specifications:** 40mm X 100mm X 125mm

**What's Unique:** Size specific to encourage feeding by mice.
