**SPRAY BUFF**  
Buffing Compound for Sealed Floors

# WIZARD SPRAY BUFF

## Buffing Compound for Sealed Floors

### DESCRIPTION

A Superior Maintenance Cleaner formulated for effortless cleaning, maintaining and restoring of emulsion polymer floor coatings. WIZARD SPRAY BUFF removes all black heel, scuff marks and dirt, replacing them with a brilliant shine that will actually upgrade the original gloss of the finish.

### APPLICATIONS

WIZARD SPRAY BUFF is an acrylic emulsion specially formulated for cleaning, restoring and repairing all floors previously coated with an emulsion polymer floor dressing. WIZARD SPRAY BUFF will maintain a smooth surface and a constant level of gloss while extending the time between stripping and re-sealing operations. Saves time and money because of less frequent recoating as well as the reduced need for stripping. WIZARD SPRAY BUFF is used in conjunction with rotary, high speed burnishing machines.

### DIRECTIONS FOR USE

Sweep with soft broom or vacuum the floor first. Always use a clean spray bottle with the diluted solution.

Dilute 1 part WIZARD SPRAY BUFF to 5 parts of water. Apply a light mist of WIZARD SPRAY BUFF in front of the low speed buffing machine using a red buffing pad.

For high speed buffing or burnishing use a white polishing pad. Always spray buff from right to left and left to right. Dwell on scuff marks and handle some by hand with small red pad. Use as little WIZARD SPRAY BUFF as possible. If product starts to build up on pads, too much WIZARD SPRAY BUFF is being used. Once you have applied and buffed the area, begin to dry buff the same area again with no WIZARD SPRAY BUFF being applied. Dry buff the floor until the soil, scuff and black heel marks has been removed from the floor surface. The floor will be clean, bright, shiny and tack free.

### PERSONAL PROTECTIVE WEAR / FIRST-AID MEASURES

#### EYE CONTACT

*Symptoms:* Causes mild eye irritation.

*Prevention:* Safety glasses could be worn.

*First-aid:* Immediately flush eyes with water for at least 15 minutes and get medical attention if irritation persists.
